Uniform Requirement – Associate in Science Nursing Program

Dress Code

The appearance of all nursing students must obviously conform to the highest standards of cleanliness, neatness, good taste and safety. Adherence to these standards is essential. If this becomes a problem, the student may be asked to withdraw from the program.

Dress Code for the Nursing Laboratory

For the campus laboratory, students will be required to wear uniforms or scrubs unless specifically directed otherwise by the instructors involved. Standards of good grooming are expected with hair off the collar.

Dress Code for Class and Clinicals

The uniform for students consists of:

1. School Uniform for Male and Female RN Students
 - **White scrub top** with the Hope College of Arts and Sciences insignia embroidered on the left chest.
 - **Turquoise blue uniform pants.** No stirrup pants or jeans are permitted.
 - All uniforms must be of ample size and length to adequately cover the student and look professional.
 - **Clean, plain white shoes** and socks** must be worn.
 - **Name Badge** to be worn on the left side of chest.
 - **White uniform sweater** (optional) is to be the same length or slightly longer than the scrub top.
2. Plain white full length or three-quarter-length lab coat with the Hope College of Arts and Sciences insignia embroidered on the left chest.
3. **Clean white shoes without insignia; shoelaces must be clean and white; shoe jewelry is not allowed.
